Joint Anomalies Committee Report: 2024-2025

The Joint Anomalies Committee (JAC) meets each year to consider applications received by the deadline date for submissions from faculty members or their respective academic administrators. This year we met on 21 April 2025. Each applicant was informed of the JAC's decision in their particular case via E-mail on 28 April 2025.

A total of 27 eligible applications were received from individual faculty members (one application was ineligible as they have already received an award this collective agreement). As per the collective agreement (Article 31A), an amount of $156,226 was allocated to the Anomalies Fund for 2024-2025. There was no carry-forward this year.

Of the 27 applications, 20 were granted awards from the Anomalies Fund. The total awarded from the Anomalies Fund for 2024-2025 was $109,882.

Tables 1 and 2 provide award breakdowns by Faculty, and amount, respectively.
